With Svetlana Kanyo

Class Limit: 14 students Ages 6-12

Date: July 18 – 22,

Or Aug 8 - 12

Time: 1:30 – 4:00

Fee: \$ 180 (+GST)

Supplies Included

Students will leave with....

3 Different Art Projects

Knowledge & Experience

2 techniques for 'Plein Air' painting and a project of

3 D structure and modeling.

Project 1: Soft Pastel Painting 'Gold fish'

Students will learn how to use bright combination of colors such as white, yellow, orange and purple soft pastel technique on black paper for a contrast effect.

Skills that we will focus on:

Principles of composition

Elements of design (balance and proportions)

Project 2: Mix Media

Students will learn to use their imagination using different materials such as stones, aluminum foil, silicon and spray to make their work more interesting, expressive and creative! During these lessons they will learn how to mix paint to get new colors. We will learn and will paint foreground and background; we will talk about shadow and light.

Modeling own image using hot glue gun, stones and aluminum foil.

Skills that we will focus on:

Principles of color connection

Principles of design: (value, form, balance, texture)

Beautiful art materials and advice to inspire creativity!
